Presenting Spectrum Collections “A bold statement in Interior Designing”

Spectrum series in size 800×2400 with thickness of 15 mm are presented in a range of Full Body Vibrant & scintillating colours in large format slabs

The world renowned and rare collections are: Cobalt Blue ,Lakha Red, Emerald Green and Yellow sapphire. The vibrant **Spectrum** collections with fine speckled texture in full body enable architects and interior designers to make bold statements in their creative projects. **Spectrum** series offers perfect solution for architects and designers in bringing bold and stunning colours to elevate their contemporary designs with unparalleled brilliance.

Whether used in residential or commercial spaces, these full body **Spectrum** collection slabs provide a striking balance between durability and aesthetics.

These diverse colour palettes allow designers to create vibrant, visually stimulating environments from sophisticated office spaces to chic urban homes. **Spectrum** series not only replicate the timeless beauty but also maintains its natural look while enhancing the strength, resistance to stains, protects from surface moisture. This makes them an ideal choice for busy environments where maintaining a pristine look, style and durability is paramount.

Spectrum range of colours ensures that there is a perfect match for any design theme, from minimalist and monochrome to eclectic and colorful.

Indulge in extravagance . Redefine the luxury with an unforgettable experience.
