About H & R Johnson (India)

Established in 1958, H & R Johnson (India), a division of Prism Cement Ltd. is the pioneer of ceramic tiles in India. Over the past five decades, H & R Johnson has various product categories to offer end-to-end lifestyle solutions covering Tiles, Sanitaryware, Faucets, Wellness, Engineered Marble, Quartz as well as Modular Kitchens & Furniture.

Johnson Tiles has four sub-brands i.e. Johnson Tiles, Johnson Porcelano, Johnson Marbonite and Johnson Endura that offers end to end tiling solutions for every space and application.

Johnson Bathrooms offer complete solutions in bathrooms that include Sanitaryware, Faucets, Wellness products.

Inspired by the unprecedented beauty of natural marbles Johnson Marble & Quartz provides Engineered Marble and Quartz in a wide range of designs, colours, thickness and sizes.

Johnson Kitchens offers modular Indian and imported kitchens from Nobilia, Germany's No.1 kitchen brand. Johnson has also partnered with Rauch, Germany's leading brand for modular furniture like beds and wardrobes.

With efforts towards continuous improvement backed by consumer insight and Research & Development, H & R Johnson has always been at the forefront of innovation. Not only has Johnson pioneered vitrified tiles in the country but has a long list of innovations to its name. Some of them include Germ Free Tiles and Sanitaryware, Stain free tiles, Tac tiles which function as directional tiles for the visually impaired, anti-static tiles, etc.

With close to 60 years of expertise in the ceramics industry and a pan India distribution and service network Johnson has become a leading name providing integrated lifestyle solutions.

About Johnson Bathrooms

Johnson Bath Division was established in year 1998 with a Promise of offering Innovative, Quality Products and Timely Supplies through its strong distribution presence across India. Having two manufacturing facilities for Faucets located at Baddi & Samba with production capacity of 1.6 million pcs per annum. These facilities are equipped with high-tech modern machinery, In-house R&D & Testing facilities which ensures uniform quality of all products.

Guided by the Core concept of “**Adorability, Adaptability & Affordability**” We are able to offer wide range of products which can best fit into our customer’s needs.

Adorability : Minimalistic designs inspired from the concept of Beauty and simplicity, All our ranges are distinctly designed to get the design symmetry in all the SKU’s.

Adaptability : All our products are checked with stringent quality norms defined as per international standards to ensure optimum performance for longer period of time.

Affordability : Keeping in mind the requirement of different segment of customers we have a vast ranges of products at different price points that make our products affordable for various segment of customers.

With World class technology and top quality products Johnson Bathrooms is committed on providing better solutions and services to customers.

Johnson GermFree Sanitaryware.

A marvel of SilverNano technology.

Johnson presents the all new range of sanitaryware with unique anti-bacterial property. An amazing mélange of aesthetics and hygiene, Johnson's Germ Free sanitaryware is an ultimate outcome of the breakthrough SilverNano technology. The range is coated with special Nano Ceramic glaze comprising of Silver Nano particles (ions) that inhibit multiplication and growth of bacteria, thus keeping your sanitaryware free of bacteria. Furthermore, the range offers Germ Free Soft Close Seat Cover and Flushing Cistern as well. Johnson has truly created a zone of protection for the health and safety of your family.

What is Nano technology and SilverNano particles?

Nanotechnology is a rapidly growing science of producing and utilizing nano-sized particles that measure in nanometers (1 nm = 1 billionth of a metre). One nano material that is having an early impact in healthcare products is nano-silver.

For thousands of years Silver has been used as an ingredient in alternative medicines, such as Ayurveda and is known to have anti-bacterial and anti-fungal properties. It is known & scientifically proven that SilverNano ions can effectively sterilize over 650 types of bacteria. The SilverNano particles typically measuring 25nm have a relatively large surface area due to their tiny particle size. This increases the contact area with bacteria or fungi, vastly improving its bactericidal and fungicidal effectiveness.

The SilverNano when in contact with bacteria and fungus adversely affects cellular metabolism and inhibit cell growth. The SilverNano suppresses respiration, basal metabolism of electron transfer system, and transport of substrate in the microbial cell membrane. The SilverNano inhibits multiplication and growth of those bacteria and fungi which cause infection, odour, itchiness and sores.

Your Hygiene. Our Concern.

TESTING OF JOHNSON GERM FREE SANITARYWARE FOR BACTERICIDAL AND FUNGICIDAL EFFECTIVENESS

Results after 24 hours of incubation

Asp. niger fungal reduction before and after exposure
