30x60 cm WALL TILE COLLECTION

Johnson Tiles presents the all new collection of specially designed wall tiling concepts - the KLEO COLLECTION!

KLEO is an effort to bring the three most important aspects of tiling in a single package – durability, functional superiority and choice of aesthetics for your wall space that includes – washrooms, kitchens and passages.

This collection focusses on modern and contemporary styles which call for non-reflective surfaces so that all other elements of interiors do not lose their impact due to excessive reflection of light coming from tiles surfaces. Maintenance and keeping the wall surface clean with minimum effort is equally important and thus instead of keeping the tiled surface very rough, tiles in KLEO collection have been given a satin surface finish which is not only non-reflective but also easy to maintain the cleanliness...it is soft, smooth and consistent.

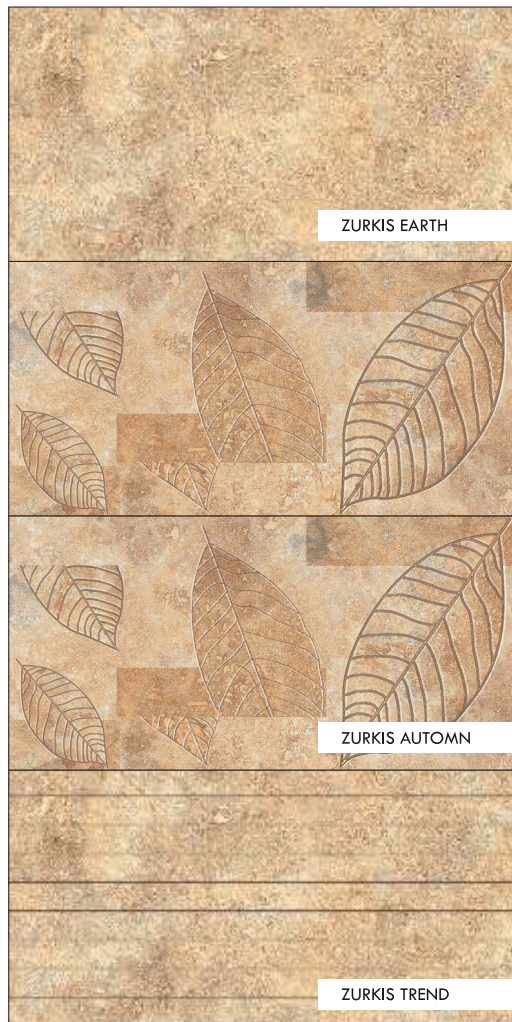

KLEO collection has a range of shades and themes making the walls look adorned with marble, stone and wood themes apart from some decorative and eclectic concepts which capture your imagination for designing your personal space.

KLEO also fills the void in availability of some plain shades like the popular greys, blues and browns in plain soft ceramic glazed surfaces. Another advantage that KLEO brings to you is for Bathrooms where you get perfectly coordinated bathroom flooring for the wall tile concept finalised by you. While the Wall concepts are presented in 30 cm x 60 cm modular size, its coordinated flooring options come in 30 cm x 30 cm size which helps to maintain the right slope in your bathroom floor that ensure water drains off quickly.

The images printed in this catalogue are only suggestive as paper and ink does not have the potential to bring justice to the beauty of the actual products. Do visit our display centre or nearest authorised stockist to experience the real magnificence of this new KLEO wall collection.
